

How Can We Sustain Collaborative Efforts?

Partnering4Health: Approaches to Sustaining Healthy Communities eLearning Course

Description

The goal of Partnering4Health program is to improve the health and well-being of communities. This interactive self-paced eLearning course describes why sustainability is an integral part of the Partnering4Health program.

Learning Objectives

By the end of this course, participants will be able to describe:

- Describe the healthy communities' movement and current funded collaborative efforts.
- Define sustainability and what sustainability means across Partnering4Health national organizations.
- Review the key elements for sustaining the healthy communities' movement.
- Review key assets and resources unique to each funded Partnering4Health national organization for sustaining PSE strategies.

Course Length

This course is separated into nine topics with videos included in some topics, interactive activities at the end of each topic, and a course evaluation once the entire module is completed. The length of time to complete the whole course package is around 1.5 hours.

Continuing Education Credits

DHPE is an approved provider of health education continuing education contact hours (CECH). This program is designated for Certified Health Education Specialists (CHES) and Master Certified Health Education Specialists (MCHES) to receive up to **1.5** total Category I CECH. CHES/MCHES must complete the entire course and the course evaluation with DHPE learning management system (LMS) to receive CECH.

Course Access/Learning Management System

Accessing the eLearning courses within the DHPE's LMS requires a free account on the DHPE Community website. The link provided will first direct you to **Sign In** to your DHPE account (if you are not logged in already) and then automatically redirect you to your dashboard, in the DHPE LMS. From your dashboard, you can access the course in two ways. Scroll down to the middle of the page to find the course under **"New Course."**

1. Go to the **"Course Catalog"** and locate the **[Sustaining Healthy Communities eLearning Course](#)** there.
2. Once you have launched the course, you can always exit the course and resume where you left off. Simply go to **"My Courses"** to locate all the courses/webinars you have started.
